In weeks 7-10 of this term the PBL focus is safe and students using their bodies in the right way. Explicit lessons are being taught in classrooms including following a 1,2,3 or complex instruction, pointing to or at an object and making a choice between 2, 3 or an array. Students can demonstrate safe use of their bodies in classroom activities, sport, hydrotherapy, work crews and transitions. PBL tickets are given out to students using their bodies in the right way.

## Book/Education Week Activities

## Chaplains Chat

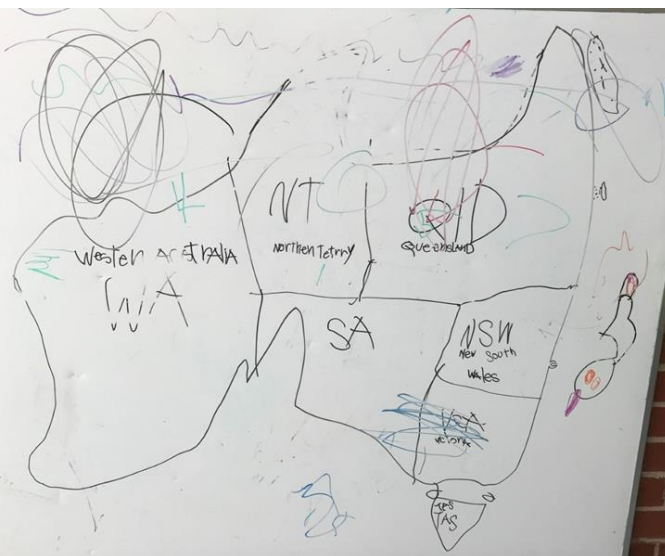

There's always something surprising going on at Havenlee. Classes are very busy either cooking up a storm or learning new things.

I was very impressed with the knowledge demonstrated by one of our young students who drew the map of Australia and put all the states in it. Plus this version includes various islands off the coast!

Our students continue to have new experiences in the kitchen. Included is the recipe of something they tried recently in case you would like to try it at home.

How creative are the students when it comes to the footy! Our tipping competition encourages; making choices, mathematics, helping each other and now these wonderful drawings of the club emblems. It has been a lot of fun.

Enjoy the Honey Joys,  
Julie
